PROFESSIONAL SUMMARY

Detail-oriented and highly motivated Computer Science student with strong knowledge of Software Quality Assurance (SQA), Software Testing, and SDLC methodologies. Skilled in manual testing, test case design, bug reporting, API testing using Postman, and project management tools including Jira and Trello. Passionate about delivering high-quality software products and continuously learning modern QA practices and automation techniques.

EDUCATION

Lahore Garrison University

Lahore, Pakistan

Bachelor of Computer Science – GPA:3.54

TECHNICAL SKILLS

Software Quality Assurance

- Manual Testing
- Functional Testing
- Regression Testing
- Black Box Testing
- Bug Reporting & Tracking
- Test Case Writing
- Test Scenario Design
- QA Documentation

QA & Collaboration Tools

- Jira
- Trello
- Postman
- Git & GitHub

Software Development Knowledge

- SDLC
- Requirement Analysis
- Software Documentation

Tools & Platforms

- Selenium
- VS Code | Cursor
- SQL Server Management Studio
- Arduino IDE
- Canva
- Slack | Google Meet | Zoom
- MS Office

PROJECTS & EXPERIENCE

QA Testing Project - “Digital Karobar” Application

Performed functional, regression, UI, and API testing using Jira and Postman while designing test cases and tracking bugs in an SDLC-based QA workflow.

“AttriFact” AI/ML Project - Module Testing & Validation

Developed an ML-based project and performed unit testing, debugging modules, and validating system functionality to improve software reliability and quality.

CERTIFICATIONS

- Software Testing & Quality Assurance Fundamentals
- Git & GitHub

SOFT SKILLS

Analytical Thinking | Attention to Detail | Problem Solving | Team Collaboration | Fast Learner
